Dianne Jabs 952-492-2540
Betty Huebner 952-492-6329
Perishable Item Drop Off: Tuesday July 23, 12-5 pm

NOTE: Decayed, injured, or inferior specimens must not be exhibited, and when such specimens appear in collection, the entire exhibit may be disqualified.

When the number of competitors in any lot is less than the number of awards offered, the judges may, at their discretion, award the lower prizes, omitting the higher ones; but premiums will not be awarded on inferior collections or specimens, even if there is not competition.

A15 GARDENING VEGETABLE EXHIBITS:

BEANS, SNAP: Harvest before constrictions appear between seeds, when seeds are about half grown. Ends of pods should not be broken off in picking, Pods should be uniform. Pods may be wiped clean, but not washed. Trim stems to a uniform ¼ to ½ inch in length.
BEETS, CARROTS, TURNIPS: Root crops should be mature but not overgrown, pithy or coarse in texture. Tops trimmed off ½ inch above crown. Side roots trimmed off but not the taproot. Roots carefully washed, but not scrubbed.
BROCCOLI: Heads should be dark or purplish green and compact. Avoid yellow flowers in head. Stems cut about 5 inches from the top of head.
BRUSSEL SPROUTS: Firm, bright green sprouts, all uniform size & shape.
CABBAGE: Stems cut about ¼ inch below head. Remove blemished or broken leaves, but care should be taken not to peel the heads too much. A few outside wrapper leaves are desirable. Specimens may be washed.
CAULIFLOWER: Heads should be white, compact, and free of small leaves and ricey texture. Stems cut as to leave 4 to 6 leaves. Outer leaves trimmed to 1-2 inches above the white head. Use soft bristled brush to remove dirt from heads.

Small basal roots should be left intact but trimmed to a uniform length of ½ inch. Wipe or brush but do not wash.

A17 FRUIT

Each variety must be correctly labeled with names. Exhibitors may replace fruit that shows a tendency to spot or decay with fresh fruit, at any time during the fair, except when the judges are working on the class to which it belongs.

Decayed, injured, or inferior specimens must not be exhibited, and when such specimens appear in a collection, the entire exhibit may be disqualified.

When the number of competitors in a lot is less than the number of awards offered, the judges may, at their discretion, award the lower prizes, omitting the higher ones; but premiums will not be awarded on inferior collections or specimens, even if there is no competition. Shape, color, size, quality, uniformity, and conformity to a desirable type for the variety are the basis for judging. Overgrown specimens are not desirable. Select specimens normal and uniform as to size, color, and quality.

Please include an identification tag with the type (variety if appropriate) of the fruit.

A18 FLOWERS
Dianne Jabs 952-492-2540
Betty Huebner 952-492-6329
Perishable Item Drop Off: Tuesday, July 23, 12-5 pm

Exhibitors must have the exact number of stalk or stems of blooms called for in each exhibit, in a clean, suitable container **(no fruit jars)**, otherwise the exhibit will be disqualified. In this class the flower, stem, and foliage are judged. There should be no foliage below the water line. A bud showing color is counted as a bloom. Bloom and uniformity for the variety are the points the judge considers. All plants and flowers must be grown by the exhibitor. **Only one exhibit per person will be allowed to compete in each lot.** Exhibitor must furnish own container. A bloom or blossom means an individual flower, one on a stem. A cluster, means several blooms growing close together on the main stem. A spike means a flower structure with a stem-less glower on a common lengthened stalk, as gladioli or snapdragon. A stalk is a stem with one or more blooms or buds. You may replace flowers during the fair. **Vases MUST BE weighted with clear or colored marbles to avoid tipping and should fit the size of the bloom.**
