Miracle of Birth Center Births during the Fair

Eggs started hatching Wednesday evening.

Sheep lambbed the weekend before the fair (we had 3 ewes with their lambs on display).

Goats started Monday (quadruplets), Tuesday evening a set of twins (which were displayed at the fair, along with 3 other goats who kidded after the fair).

We had 6 sows farrow throughout the fair. First one Tuesday and the last late Sunday night.

4 cows calved. 2 friday afternoon and 2 sunday afternoon.

Volunteers during the fair -

Our fair is a huge success because of the many amazing volunteers we have helping us all over the fairgrounds. This year during the fair we had over 100 volunteers who donated over 800 hours helping us in the creative arts building, Miracle of Birth, Welcome booth, and driving people movers. We greatly appreciate all of these amazing volunteers who give their time to help us be successful. THANK YOU!
