Premiums: \$3.00; \$2.00; \$1.00

One entry per lot

FOOD PRESERVATION (CANNING) – One Jar (sizes listed below)

READ CAREFULLY:

For safety reasons, methods from the information below must be strictly adhered to. Please review the method, headspace, and other details of good canning methods.

Clear standard pint canning jars required, except for jams and jellies (4–8 ounce jars for jams, jellies, relish, and salsa).

Two Piece lids are required (no wax).

Leave the ring on the jar. Canning method must be stated on the label. Must be canned after last year's fair. All low acid foods must be processed in a pressure canner or boiling water bath. Fruits, tomatoes, must be processed in a boiling water bath. All canned goods must indicate the content, date, method, and processing time. Jars will be opened.
